MALIK JAVED AKHTAR
Chief Executive Officer

MESSAGE FROM C.E.O

Malik Javed Akhtar embarked on a journey to transform Attock with the vision to bring improvements in the life standards of ordinary Pakistani, his vision got developed over the years as a childhood observer of his family owned business in Real Estate, and through the ideas which were proposed by his Father Haji Malik Hassan Akhtar, for the improvements in the life standards in human societies.

The journey began in 2008 with very small numbers of team members who were sincere, dedicated and hardworking. His strong vision, dedication and excellent leadership qualities with the blend of ideas of transforming Pakistan through real estate sector made existence of Mehria Town (Private) Limited. Amongst his best approaches one of them which are worth highlighting here is educating the people of district Attock for improving their life standards, through implementing standards and protocols set out by his management. His ideology made him the only established icon in the real estate sector of district Attock and his popularity started to spread out in the entire region within the few years.

Today the Mehria Town (Private) Limited stands out in the real estate sector as one of the fastest growing organization with operational in the region and have achieved a growth up to 300% since the year 2008. Another aspect of his vision is to produce a force of employees with three basic attributes capability, dedication and sincerity, as for him the most valued resource is Human Resource and he believes that all the missions set out by the Mehria Town (Private) Limited can only be accomplished with their hard work on the fact that basing human resource is the back bone, Mehria Town (Private) Limited has set out values & policies to take the best care of employees. Owing to his entrepreneurial flair and skills, Mehria Town (Private) Limited has realigned itself to focus on a global outreach.

CEO Mehria Town (Private) Limited believes in deliverance of high standards of workmanship with dedication and process oriented approach which can be witnessed through any aspect of Mehria Town Private Limited. He further believes in research and development is one of the prime factors and only through research and development we can bring revolution for transforming Pakistan.
